1. Stamp Cherry Blossom images using Tuxedo Black Momento ink.
2. Color in images as desired with Blends markers or a Water Pen and your ink pads.
3. Cut out with coordinating dies.
4. Use solid flower dies to cut single flowers from scraps of cardstock that coordinate with the Designer paper.
5. I used the Stitched So Sweetly label dies to cut a variety of labels for the card fronts from basic white and coordinating colors of Cardstock.

Cards 1-4 – with the wider margins

1. **Cut Basic White Card Base to 5 ½" x 8 ½"**. Score at 4 ¼" and fold in half for card base.
